To whom it may concern.

We contract Best Build Construction to carry out insurance repairs in the lower North Island.

We have found they run a professional business, the costs are fair and the workmanship is excellent.

A lot of our work is in private properties [which are often furnished].

There is a high level of trust with our suppliers and a lot of customer feedback.

We would recommend Best Build Construction to any potential clients.

We understand Brendan's history which has no bearing on the work carried out for us.

We monitor contractor performance and grade our Builders.

Best Build has worked hard to become a Tier 1 contractor and we value the service provided.
